

Sample Letter to the Governor

Governor Arnold Schwarzenegger  
State Capitol Building  
Sacramento, CA 95814

Dear Governor Schwarzenegger:

Thank you for postponing the aerial spraying intended to eradicate the light brown apple moth (LBAM) in 12 California counties. I am grateful that the spraying will not go forward until the completion of additional testing on the efficacy and toxicity of the pesticides that could be sprayed.

Please "Stop the Spray." I ask you to take the time to develop a more thoughtful, reasoned approach to addressing the LBAM issue, which would also allow enough time for the Legislature to act on the various LBAM bills that were introduced earlier this year. Thanks so much for your attention to this request.

Sincerely,

FIRST LAST
